

STEP-BY-STEP GUIDE ON CREATING YOUR OWN CUSTOM PATTERN

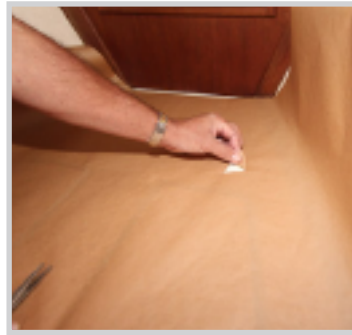

WWW.BOATBEDS.COM

1 - Remove Old Mattress and Clear off Platform.

2 - Roll Out Paper across Narrow End or Bulkhead.

3 - Cut Small V Slits and Tape Paper Down to Platform.

4 - Tape Down.

5 - Crease Paper w/ Finger Follow with Pen.

6 - In order to make the mattress edges follow the outward shape of the hull, you need to measure the Beveled or Tapered Edge.

7 - Measure the distance between the square and hull. Based on the thickness of the mattress you have chosen. Example: If you have chose the 6" Latex go up 6" on the square and measure across to hull.

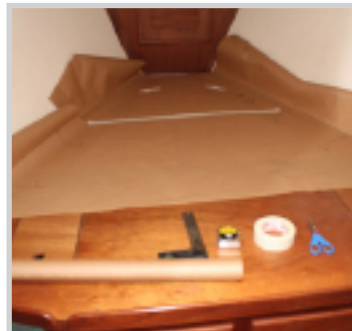

8 - Draw a line at the base of the square so we know what direction that you measured. Write the distance measured. Repeat process on both sides & every 15" - 20" apart.

9 - Lay out 2nd Layer of paper. From one side to other & Tape to the 1st Layer of paper.

10 - Repeat Steps 5-8. Crease edges & draw lines at Base on Both Sides.

11 - Measure the Beveled Edge. Be sure to measure Bevel each Row of Paper & Work your Way off of the Platform. This way you don't have to crawl on top of the pattern and chance moving it around.

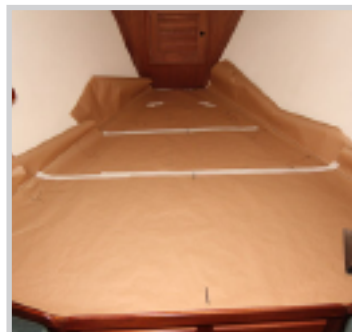

12 - Lay out 3rd Row of Paper and Overlap Around edges. Tape down to the 2nd Row of Paper.

13 - Crease Edges & Follow with a Pen.

14 - Mark Beveled Edges.

15 - Be sure to make hinge location if you want a hinge. Also mark head location & any other notes needed. If you have a difficult area to explain, attach photos.

Once pattern is complete, be sure to put your name and phone number on it and send it to your nearest location. Once we receive it, we will contact you with any questions & confirm pricing.

YOU CAN USE A CREDIT CARD OR PAY BY CHECK.

Mattress Info:

Name of Room	Size of Bed (dims)	Mattress Model	Thickness Patterned At	Hinge Fold (Yes or No)

Did you remember to:

- Mark the head and also the entrance of the mattress on the pattern?
- Make sure all seams on the pattern were taped.
- Mark where your storage is located, in case you have questions on hinge location?
- Do a drawing of the mattress either here or on the pattern to help us
